We am conducting an analysis using the DHS data for Pakistan. However, we would like to use DHS 2017 if possible. Is there a timeline for when DHS 2017 for Pakistan will become available?

Unfortunately, it's difficult to anticipate when final reports and/or datasets will become available, as their release depends on several factors. We suggest you sign up for "email alerts", and you will be notified as soon as the data are released.

The DHS 2017 is under process. The Field will be completed in April. Hope that the data set will be public till end of the year 2018.
