

The caste codes for NFHS-1 were exactly the same as the caste codes used in the 1931 Census of India, which was the most recent census to include caste information at the time of NFHS-1. This is a scanned version of the codes; a couple of pages may have the code numbers slightly cut off, but can be easily figured out, since they are all in numerical order.

LIST I.

IMPORTANT CASTES OR TRIBES;

Being all which number One thousand and upwards, or which
are found in more than one Province or Native State.

[Important Castes or Tribes.]
