Subject: about cesaean section for last baby Posted by phres110 on Sat, 19 Nov 2016 15:49:11 GMT View Forum Message <> Reply to Message

Hello

Kindly tell me what is the difference between m17 and v401 as both of them are for cesarean section. I am using women as my unit of analysis and want to study the last birth or the most recent birth in the last 5 years by c/s. Which variable I should use? Regards
