Subject: GENERAL SMOKING PREVALENCE IN RWANDA Posted by Francois on Tue, 14 Feb 2017 09:43:44 GMT View Forum Message <> Reply to Message

I do have a question about the General prevalence of Smoking in Rwanda(DHS 2014/2015) Referencing to Tab 3.8.1 (for women, using IR) and 3.8.2 (for men, using MR), we do fail to have the General prevalence of Smoking in Rwanda

Either by separate products and the general smoking in general.

Your assistance in coding or producing the results with codes will be highly helpful and much appreciated !

Thanks Francois
