According to the Ethiopia country manager, Yodit Bekele, we anticipate dissemination to be in July/August 2017. This timeline is upon the assumption that everything else is on schedule.

DHS datasets are not available until after the dissemination/release of the final country report. In the meantime, please sign up for "data availability email alerts", and you will be notified as soon as the data are released <http://dhsprogram.com/email-subscribe.cfm> .
