Subject: Code for Infant mortality (Dead or Alive)
Posted by Nkechi Onwuka on Thu, 09 Mar 2017 14:41:22 GMT

Please i'm having issues with locating/creating a code to analyse infant mortality (Dead or Alive) using Nigeria Demographic and Health Survey (2013) on SPSS. The only such code I can find on the data set is for Under-five mortality (Dead or Alive) on SPSS but I really need that of Infant mortality, ad it is the basis Of my research.
