When I look at my copy of the datasets I see most of the variables you mention e.g.
. summ m13_1

Variable	Obs	Mean	Std. Dev.	Min	Max
-----+-----					
m13_1	4,865	5.14964	6.003649	0	99

Perhaps you have accidentally subsetted your dataset and dropped some variables?
I'm using BUIR61DT.ZIP [BUIR61FL.dta inside the zip file] - I assume you are using Stata.
I suggest downloading the dataset again to be sure.
