Hi! I tried to do this in SAS, but am not able to replicate the DHS report. Please check and advise. Thanks.

```
data new3;
set new2;
if v131=91 then v131w=91;
if v131=109 then v131w=109;
if v131=130 then v131w=130;
if v131=133 then v131w=133;
if v131=137 then v131w=137;
if v131=140 then v131w=140;
if v131=179 then v131w=179;
if v131=276 then v131w=276;
if v131=298 then v131w=298;
if v131=998 then v131w=998;
else if v131=. then v131w=999;
else v131w=0;
run;
proc freq data=new3;
tables v131w;
run;
```
