Dear User,

We have a series of YouTube videos which will visually aid you in the downloading of the data.

Part I: Registering for DHS Datasets: <https://www.youtube.com/watch?v=KBKpudtrv4E>

Part II: Downloading DHS Datasets: <https://www.youtube.com/watch?v=NwSN95Skbql>

Part III: Opening DHS Datasets in STATA, SPSS, and SAS:

<https://www.youtube.com/watch?v=neIMrOd1kkM>

NFHS-1 had no data on slums. NFHS-2 only had data on slums in Mumbai. NFHS-3 had data on slums in eight cities (Mumbai, Delhi, Kolkata, Chennai, Hyderabad, Nagpur, Indore, and Meerut)

For NFHS-3

SHSLUMC Slum designation by census (used in survey sample) household

SHSLUMS Slum designation by supervisor (observed during fieldwork) household

SSLUMC Slum designation by census (used in survey sample) individual woman

SSLUMS Slum designation by supervisor (observed during fieldwork) individual woman

SMSLUMC Slum designation by census (used in survey sample) individual man

SMSLUMS Slum designation by supervisor (observed during fieldwork) individual man

You will need to look at your questionnaires contained in the appendix of the final reports and also work with the Standard Recode Manual <http://>

www.dhsprogram.com/publications/publication-DHSG4-DHS-Questionnaires-and-Manuals.cfm

Thank you!
