Good day!

I am also planning to conduct a research using 2013 DHS data of the Philippines. To obtain ethical clearance, I am required to submit documentation regarding the ethical guidelines for data collection, storage, and processing of the data. I am also required to cite the data privacy policy of the institution which stores the data in line with the data privacy act of the Philippines. I hope you could help me with these documentation reports.

Your response will be greatly appreciated.

Thank you!

Jessa
