Dear User,

The district variable for Uganda DHS 2006 is shdist. The values are there without labels.

The Uganda DHS 1995 has a region variable HV024 and a sample domain variable HV023. No district variables.

The Uganda DHS 2011 has HV022 Sample Strata and HV024 region variable. No district variables.

If you have additional questions about the sampling you can refer to the Appendix in the final reports or can contact the implementing agency at:
