Thank you Liz for the reply.

If I can again ask you for few of my queries please.

The syntax for breastfeeding table of 11.3 of nepal DHS for 2011, when I used for 2016, the output table is so different than the report of 2016. SO, is there any differences in selecting children or anything for 2016 as compare to 2011?

Thanks

S
