In NFHS-4 data, as downloaded from DHS, I do not find the castetribe.dta file. This file was available in NFHS-3 when I downloaded. The caste/tribe information was collected in the household (question 35), women's (question 115) and men's (question 117) in NFHS-4. I could not find the variables concerning those questions. I would be grateful if you could help me.

Best regards,  
Sumantra
