Subject: Justification of Domestic Violence (V744A-E v/s S936F-G) Posted by Aneree Parekh on Fri, 08 Jun 2018 04:52:31 GMT View Forum Message <> Reply to Message

Hello, I am working with the NFHS 4 data (IAIR73SV). While looking at the variables pertaining to justification of domestic violence in the women's Individual Recode I came across two sets of variables that seem to be relating to this topic - V744A-E and S936F-G.

Would someone be able to tell me what the difference is between these two sets? Thank you.
