Subject: Merge DHS 1993 wealth index with women and household files

Hello,
I am trying to merge the wealth index file (identifier whhid) in 1993 with the household file (Pr), but cannot figure out how whhid was created. The responses on the forum don't give answers to my question.

I have also read the page on data merger (https://dhsprogram.com/data/Merging-Datasets.cfm) but don't find the answer to my question.

Thanks

Fusta
