Subject: Re: Calculating fixed and random effects Posted by tasnuva on Wed, 03 Oct 2018 12:06:17 GMT View Forum Message <> Reply to Message

This information is very helpful.

I would like to learn SPSS code for the following stata command: "svyset v001 [pweight=v005], strata(stratmid) singleunit(centered)"

Your sincerely, Dr. Tasnuva
