Hello, Your project is not approved for GPS datasets.

You will need to log back in, select your project and go to the link:

"Request additional countries/datasets for this project"

Then do the following:

- Choose appropriate region
- Click on "Show GPS datasets" and click "yes"
- Select the country in the GPS column
- Click "save selections"
- Enter justification for GPS datasets
- Click "submit dataset request"

Then someone at DHS will need to approve your request.
