Hello, Your project is not approved for GPS datasets.

You will need to log back in, select your project and go to the link:

"Request additional countries/datasets for this project"

Then do the following:

-- Choose appropriate region
-- Click on "Show GPS datasets" and click "yes"
-- Select the country in the GPS column
-- Click "save selections"
-- Enter justification for GPS datasets
-- Click "submit dataset request"

Then someone at DHS will need to approve your request.

If you still have issues please contact archive@dhsprogram.com
