---

Hello,

I am currently working on a project for which I am using the DHS Senegal 2015-2016 (possibly 2017), and I am hoping to do some spatial analysis. I have found the very useful Senegal Geocoded Covariates 2016 .csv file with the +200 clusters of Senegal, however I have not been able to find a shapefile of these clusters (I have only found shapefile of the 14 administrative regions, which is not precise enough for my analysis). Does the DHS have such shapefile ? And if not, does anyone know if such shapefile exist?

Thank you in advance. Best,

Cecile R.
