Subject: Contraceptive discontinuation rate for 12 months using NFHS-4 (2015-16) calendar data

Posted by maheshshete777 on Tue, 05 Feb 2019 12:15:54 GMT View Forum Message <> Reply to Message

Hello everyone,

I want to calculate 12-month discontinuation rate using NFHS-4 (2015-16) calendar data. I have used DHS calendar data tutorial example 9 do.file for analysis. After performing step -4 some error generated in the file. Can you please share appropriate Stata do file or else I have attached my do-file below suggests possible changes.

Thank you.
