Subject: Referral and transportation to delivery care -- suggested questions Posted by EmmaR on Fri, 15 Mar 2019 12:14:00 GMT

View Forum Message <> Reply to Message

Please find attached recommendations for maternal health questions on transportation and inter-facility referral during labor and delivery. We submit these questions for consideration in the core questionnaire or in the optional, more detailed Maternal Health module.

There are three files attached:

- 1. Completed application describing the rationale and associated indicators.
- 2. The proposed questions inserted into a suggested skip pattern within the DHS-7 questionnaire.
- 3. A sample table showing how a few of the questions could be presented in a DHS report.

Thank you in advance for your consideration.

Best regards,

Emma Radovich on behalf of members of the Maternal and Newborn Health Group, London School of Hygiene & Tropical Medicine
