Subject: Is there a measure of gestational age by week? Posted by s1mcelroy on Wed, 10 Apr 2019 19:50:49 GMT

Hello!

I was wondering if there is a variable that records gestational age in weeks? I have seen the "Duration of Pregnancy" variable but I would like information at a more granular level. I am working with the most recent version of DHS Standard Survey. Any help would be appreciated! Thank you.
