Subject: Need information about some variables. Posted by tahneiaquader on Fri, 12 Jul 2019 13:03:21 GMT View Forum Message <> Reply to Message

Dear All,

My query might sound silly. But being a newbie I am not well conversant with DHS dataset. Can anyone please tell me where to search for V008A, B17, B18 and B19 in Bangladesh DHS dataset. I need CDC for recoding timely vaccination, but what I am getting is CMC.

Thanks in advance.
