Subject: Re: Child Labor Data Across Surveys Posted by Bridgette-DHS on Fri, 15 Nov 2019 13:28:54 GMT View Forum Message <> Reply to Message

Following is a response from DHS Research & Data Analysis Director, Tom Pullum:

In DHS surveys, hv024, v024, or mv024, called "region", gives admin level 1. The file names and variable names are standard across surveys. When questions related to child labor are included, the variables should be in the PR ("person record") file. A DHS colleague may add more detail.
