A Stata program for under-5 mortality rates will be posted on GitHub sometime in the next few months.

We now have repositories of code written in Stata and SPSS available on Github. Please reference these code repositories as a resource for code to match or calculate DHS indicators.

The code repositories can be found at:

<https://github.com/DHSProgram/DHS-Indicators-Stata>

<https://github.com/DHSProgram/DHS-Indicators-SPSS>
