Dear Colleagues,

Due to the flurry of activity on the Questionnaire Review portal on The Demographic and Health Surveys Program User Forum in the last days of the portal being open, we are keeping the portal open through Friday April 11th 2014 (closing 11:59 pm Eastern Standard Time).

It is our hope that the extension of the portal-closing deadline will afford interested parties more of an the opportunity to comment on material that posted to the public forum. We have received valuable inputs and encourage you to comment.

Please share this announcement with others you know who may want to provide input.
Kia Reinis.
