Subject: DHS dataset for Zimbabwe Posted by sibu on Thu, 30 Jan 2020 08:12:39 GMT View Forum Message <> Reply to Message

Hello,

I recently accessed the ZDHS data for a study I am? doing on socioeconomic determinants of SHE utilization amongst Gender Based Violence victims in Matebeleland South. I looked at the variables in the data and there was no variable for the domestic violence part of the questionnaire, despite it being reported in the DHS report.

Where may I access the domestic violence variable for the Zimbabwe DHS data~2015
