Following is a response from DHS Research & Data Analysis Director, Tom Pullum:

For all of the NFHS surveys, the identifiers for cases include hv024. There are other errors too.
Try this:

```
.  
use kr.dta  
drop if b16 ==. | b16==0  
rename v024 hv024  
rename v001 hv001  
rename v002 hv002  
rename b16 hvidx  
sort hv024 hv001 hv002 hvidx  
save krtemp.dta  
  
use pr.dta  
sort hv024 hv001 hv002 hvidx  
merge m:m using hv001 hv002 hv003 hvidx using krtemp.dta  
  
save krpr.dta
```
