Hello Amel,

For gross attendance ratio please read the Guide to DHS Statistics to understand how this indicator is calculated in DHS https://www.dhsprogram.com/Data/Guide-to-DHS-Statistics/index.htm#t=School_Attendance_Ratios.htm

The code for this indicator and other school attendance ratios can be found on our code library on GitHub for Chapter 2 in the Stata do file PH_SCHOL.do :
https://github.com/DHSProgram/DHS-Indicators-Stata/tree/mast er/Chap02_PH

Would need to use the PR file and adjust your paths.

Please read the readme file on the main page of our GitHub site (https://github.com/DHSProgram/DHS-Indicators-Stata) and the main file for Chapter 2 before trying to run any code.

Thank you.

Best,

Shireen Assaf
