Hello,

This indicator can be found in our Code Share Library in the RH_DEL.do file of Chapter 9:
https://github.com/DHSProgram/DHS-Indicators-Stata/blob/master/Chap09_RH/RH_DEL.do

However, you need to run the RH_age_period.do file for BR files first.

Please read the read me file and also the main file for further instructions. Please also note that "skilled provider" definition is country specific and you would need to check the Final report for the survey you are interested in to know how they define a skilled provider and adjust the code accordingly. Please see the notes in the do files about this.

Thank you.

Best,

Shireen Assaf
The DHS Program
