Dear Shireen,

Thanks a lot for clearing my confusion. I am using the BR file for my analysis.

Please comment about my recoding;

recode m1 (0 8 . =1 "NotVaccinated") (1=2 "PartiallyVaccinated") (2/7=0 "CompletelyVaccinated"),
gen (TetanusVaccination)

Is above recoding is correct for identifying the tetanus vaccination status of mothers.

Best Regards

Dr. Hussain
