Subject: DOTS OR MISSING VALUES IN BREASTFEEDING SURVEY Posted by Ice on Sun, 29 Nov 2020 16:25:33 GMT View Forum Message <> Reply to Message

Greetings DHS representative. I am doing a research on breastfeeding and dataset for Philipines with file name PHBR71DT has dots or missing values in column m4 (ever breastfed, never breastfed, still breastfeeding and the fourth category - dots). 77 per cent of the responses are in dots. Please help.
