Good day,

Have you tried using the following code?

```
tab rh_anc_numvs v025 [iw=wt], col nofreq
```

* If your dataset is setup for complex surveys (svyset)

```
svy: tab rh_anc_numvs v025, percent format(%9.1f) miss col
```

```
svy: tab rh_anc_numvs v025, count format(%9.0f) miss
```
