Subject: Re: Multilevel analysis Posted by Bridgette-DHS on Tue, 12 Oct 2021 09:55:17 GMT View Forum Message <> Reply to Message

These are the different weights for different sample selections/units of analysis:

Households: hv005 Household members: hv005 Women or children: v005 Men: mv005 Domestic Violence: d005 HIV test results: hiv05

You need to divide the sampling weight you are using by 1,000,000.
