Hi Bridgette and team,

I am working on a paper using Myanmar DHS, 2015-16 survey dataset. But I could not complete the form to request ethical review documentation:

<https://dhsprogram.com/methodology/Request-for-documentation-of-ethical-review.cfm>

Below is the error message:

ERROR:

There are invalid characters in your submission.. please revise.

Any help would be appreciated.

Thank you.
