Hi Shireen,

Thank you so much for your swift and worthwhile response. It is very helpful and helps me resolve my difficulties. Your additional information and the attached link are also very important. Through the link I have been able to get access to the .do files of the whole chapters, I had no idea about its availability. I am now exercising all the .do files for _ANC, _DEL, and _TABLES. I will revert to you if I need more support.

kind regards,
