For the Colombia DHS 2015, based on variable 'v044' the number of women who were selected and interviewed for the 'Domestic Violence' module were 38,087. However, the total number of responses to variable 'd121' (respondent's father ever beat her mother) are 24,890. So either there are 13,197 records missing or there was some filter that I am unable to figure out?

Kindly help.

Thanks
