Thank you very much for the reply. Could you please let me know which file should I use to access the data (for 1992-93 and 1998-99 rounds) and which variables in these respective files are related to domestic violence. I was trying to go through the data description document for 1992-93 survey but I could not understand the structure.

Waiting to hear from you at the earliest.

Regards
Varnita
