Following is a response from Senior DHS staff member, Tom Pullum:

In the woman's interview, she is asked about the education of her husband/partner, and her responses go into the IR file. V715 and v729 for her partner correspond with v133 and v149 for the woman. The woman may be widowed, remarried, etc., so you don't know whether the current husband was the father of all her children (v201) but usually that will be the case. The woman's report of her husband's level of education may not agree exactly with what he would say himself. However, I think it will be ok to use v715 and v729 in your analysis.
