Hi Tom,

I'm now getting the same numbers as you for Nigeria. I ran the code again to compare with the Burundi 2016-2017 and Cameroon 2018 DHS and the numbers your code generates are not the same as those in the report either, at least when I am running it.

Cameroon: 130 deaths

Burundi: 110 deaths

Can you confirm if when you run the STATA code you are generating the right numbers for these countries?

Thanks,

Blake
