Subject: Re: Still Birth in India DHS-VII Posted by Mohammad9981 on Thu, 05 Oct 2023 18:41:08 GMT View Forum Message <> Reply to Message

Dear Tom,

I just want to know how i can calculate the adverse birth outcome for nfhs 5 in India and match it with the national report released by DHS. I mean how can i measure the birth outcome like miscarriage, abortion, stillbirth effectively from the NFHS-5 data. It will be really helpful for me if you provide me with some code.

Thank you in advance.

Regards, Mohammad
