Dear all,

Thank you so much for all the suggestions and corrections - I would definitely keep them in mind for analyzing education data from the Kenya DHS 2022. Thank you also for letting me know that the Kenyan education system is changing.

I had a few questions:

Just to confirm, primary school is 8 years of education, secondary schooling is 4, then how many years are higher education? Also by this format Grade 7/8 are in primary level then? - do you know when the updated data will be released?

Best,  
Ritapriya
