Hi Fred,

Thank you for the clarification. There are two questions that are asked to females (15-49) about their own work in NFHS 5- questions 911 and 912. The equivalent of these questions in NFHS 4 are 909 and 910. While the skip pattern in NFHS 5 skips both 911 and 912 for those who are not currently married in NFHS 5, the skip pattern in NFHS 4 applies only till 909 and 910 is asked to everyone.

That's why I wanted to confirm. Also because in NFHS 5 IR file, when we tabulate the question on work in seven days (v714), we have responses from those not currently married.

Looking forward to hear from you
