---

Hello,

I was wondering whether vitamin D3 and HbA1c data are available from the India DHS 2019-21. I am asking because the Survey Characteristics search gives the impression that these data are available (for instance: <https://dhsprogram.com/methodology/survey-search.cfm?sendsearch=1&YrFrom=1985&YrTo=2029&selmodules=97&cr t=1&listgrp=0>).

Many thanks!
