Hi, I have quite a number of countries for which I need to gauge the prevalence of patrilocal marriage, where the bride and groom go to live with or near the groom's parents after marriage. If you have any information about patrilocal marriage in a country you are studying, could you email me? vhudson@bushschool.tamu.edu . I've got countries in Europe, Central Asia, Africa, and Latin America for which I am in need of information.

Thanks!
