Hello. I am the student researcher of the University of Liverpool, and plan to make a secondary analysis of the Kyrgyzstan DHS-2012. Before I have to pass through ethical review committee of the University of Liverpool.

I know that DHS procedures call for submitting a protocol of survey for review to an institutional review board or ethics review panel in country to ensure the protection of human subjects. Also, protocols for all surveys in which the DHS project participates must also be approved by the ICF Institutional Review Board. In this regards, I would like to ask you the following:

- 1) Is the protocol of the Kyrgyzstan DHS-2012 approved by the ethics review panel in Kyrgyzstan and ICF Institutional Review Board? What is the name of the local ethics review panel?
- 2) Can i receive the electronic copy of decision that approves the protocol?
- 3) if not, to whom shall i address with my request?

thank you and regards,
