Subject: District names in Uganda DHS 2006

Dear all,

Using the Births Recode of the Uganda DHS 2006, I would like to identify all observations in the Karamoja region (i.e. Kotido, Abim, Kaabong, Moroto, and Nakapiripirit districts). On the regional level, all observations of the Karamoja region are included in the Northern region. Does anybody know where I can find the respective names for each of the 56 districts (variable 'sdist' in the Births Recode) of the Uganda DHS 2006? Variable 'sdist' only specifies every district with a particular number (e.g. 105) without any further specification of the district's name.

Thank you so much in advance!
