To Whom It May Concern:

I would like to obtain information for the following Egypt 2008 DHS question, "In the past 6 months, have you heard, seen or received any information on HIV/AIDS" from the 2005 DHS. However, in the dataset, the variables m58\_1 - m58\_6, which seem to correspond to this question, have no observations. Can someone please tell me how I can obtain the information to this variable? I am interested in looking at how these results are linked with the question that is asked after it, which is on the source of the individual's encounter with information on HIV/AIDS.

Thank you.

Catherine N.
