Dear DHS Specialist,

I am working on the panel DHS data 2006-07 & 2012-13 for Pakistan. However, i observed that the number of districts in the DHS 2006-07 are just 35 while total districts covered in the DHS 2012-13 are 121. I would like to confirm the number of districts in the DHS 2006-07. Did only 35 districts use for the data collection in 2006-07? District indicator is sdist.

Thanks and Regards,
Faiz
