Dear User,
The recode variables related to the wealth index are:
HV270
HV271
AWFACTW
V190
V191

You can find descriptions for these variables in the Standard Recode Manual on our website:
[http:// www.dhsprogram.com/pubs/pdf/DHSG4/Recode6_DHS_22March2013_DH SG4.pdf](http://www.dhsprogram.com/pubs/pdf/DHSG4/Recode6_DHS_22March2013_DH SG4.pdf)
Once in the PDF file you can search for these vairiables by name and read the description and information about how they are used.
Thank you!
